Ms. Margit ,

I have tolerated your false allegations and slander for quite sometime now. It amazes me how incredibly stupid you are making statements that are slanderous and written libel statement. This has issue has been monitored for quite sometime. Your incredible stupidity is not my problem, it is yours.

Since you "supposedly" have a lawyer please provide me with the contact information. I have instructed our lawyers to aggressively stop you from spewing the garbage you continue to state. Furthermore; you are not protected under the insurance policy of the association because it is an intentional act that you been warned about before.

On a side note, your lack of condo knowledge is significant so I will remind you that as a Board Member it automatically prohibits you from using family members in the condominium business.
